During the year \$5,000. U. S. Treas. Ser. G Bonds carried at \$3,750. matured at \$5,000. and this, together with \$162.50 drawn from the N. H. Savings Bank, was used to purchase 50 Peerless Casualty Co. common @ \$17.75 or \$887.50; 50 shares First National Bank of Boston @ 55¼ or \$2,762.50; and 25 shares Manufacturers Trust Co. of New York City @ 60½ or \$1,512.50. A total of \$5,162.50.

Also during the year the trustees purchased 20 shares of The Winchester National Bank stock @ \$135. per share or a total of \$2,700. To pay for this the balance on the account at Cheshire County Savings Bank was withdrawn amounting to \$247.15 closing this account. There was also drawn from the account at New Hampshire Savings Bank the balance required to complete payments, or \$2,452.85.

The small balance of income remaining at Peterborough Savings Bank was drawn and the account closed, the income being turned over to Conant Library.

During the year there was a stock dividend received from Peerless Casualty Co. amounting to 2½ shares. The two shares were retained and the ½ share sold for \$7.50 and the proceeds turned over to Conant Library.

There was also a stock dividend of 2 and 1/12 shares received from Manufacturers Trust Co., of New York City. The two shares and the fractional share are still held by the trustees. A decision as to the disposition of the fractional share must be made before April 1, 1951.

This total is an increase of 984 over that of 1949.

460 new books were purchased during the year.

National Book Week, November 12-18, was observed by placing five new book exhibits in local store windows. The exhibits were as follows—in Swett's Hardware Store were "Books for Homemakers." This featured the new Betty Crocker Cook Book and the new Singer Sewing Book. In the Drug Store were "Books for Teen-agers." This featured new books for boys and girls from 12-18 years of age. In Horton's Clothing Store were books "For Fiction Fans" and exhibited new Romances, Westerns, Detectives and Historical Novels. In Bat's Barber Shop were books on travel and adventure, "For Armchair Adventurers." In Zitzow's Grocery Store were "Books for Children."

During the Christmas Season a display of Christmas Book jackets were placed around a lighted tree and other decorations in the window of Zitzow's Grocery Store.

At this time I would like to thank all of the store owners, mentioned above for cooperating with us in making our displays a success.

During the week of May 15-19, I attended the State Library Institute at New London, N. H. This year the classes were conducted in the form of lecture and discussion periods. The topics were Library Administration, Book Selection, New Cataloging Rules, Latest Reference Material, Films for Libraries and the highlight of the week, a daily course on "The Trend of the Novel," conducted by Miss Evelyn Boynton, of the English Dept. at Colby Jr. College at New London, N. H.

FIRE DEPARTMENT REPORT

During the year 1950 your fire department responded to four general alarms, twenty-seven chimney fires and thirty still and miscellaneous alarms. These alarms were answered promptly and the fires were handled as fast, and brought under control as promptly as possible. The fire department also answered quite a few calls for aid. The Resuscitator was used to very great advantage on several occasions and well over one hundred pounds of oxygen was used.

The fire department also purchased a new aluminum ladder, which was badly needed as up to this time there were some buildings which were higher than any ladder we had and in case of a fire the top floor and roof could not have been reached, either for fire fighting or rescue.

The big truck with its larger pump and big booster, or reserve water tank also came in very handy on several occasions.

The two smaller trucks required quite a lot of repairs and should be replaced as soon as possible.

The fire station has been completed, the finishing touches having been put on this year and is certainly a credit to the town.

Winchester Fire Department,

DON MANNING, Clerk.

FIREWARDS MEETING, DECEMBER 18, 1950

The firewards, fire chief, assistant chief, and captain met at the fire station on the above date and agreed that they thought the fire department should ask the town to appropriate \$4,500 for the fire department for the year 1951.

This would be spent or made up as follows:

Payroll	\$ 2,000.00
Maintenance and New Equipment	2,000.00
Maintenance of Trucks	500.00
	<hr/> \$ 4,500.00

About 300 feet of hose should be replaced which would cost about \$400.00. Also one ladder should be replaced which will cost about \$250.

DON MANNING, Clerk.

FOREST WARDEN REPORT

Forest Fire Prevention Pays Dividends

Most forest fires are preventable because someone is responsible for them. State records for 1950 show 94% of 632 fires resulted from human perversness and carelessness. Refusal to secure the required warden permit before burning, failure to use good judgment, lack of equipment and assistance while burning; carelessness in smoking and poorly conditioned woods equipment (trucks, tractors, etc.) resulted in a total of 6090.6 burned acres with a loss of \$63,949.10 in valuable property.

Fortunately, these human factors can be dealt with because people can be reached. This the local forest fire warden tries to do by informing his fellow citizens that EVERYONE MUST:—

1. Secure a written permit to burn in or near woodlands when the ground is not covered with snow.
2. Use good judgment in burning and have enough equipment and assistance to keep fire under control at all times.
3. Be careful when smoking in or near woodlands and refrain from throwing lighted material from automobiles.
4. Make certain that all equipment used in the woods is in good condition.

His success depends entirely upon public reaction to his appeals. He does his part—the rest depends upon YOU and

YOUR compliance with burning requirements

YOUR care with YOUR fires and YOUR smoking and

YOUR care of motive equipment you use in the woods.

It all aids, materially, in reaching the desired goal, the

PREVENTION OF FOREST FIRES—because

WELFARE WORK

Throughout the year, used clothing was solicited and distributed to 62 children. The King's Daughters provided one pair of glasses to a needy child. The American Legion provided cod liver oil to over a hundred children for the winter months, and has again authorized the purchase for the current school year. The nurse, through a personal friendship, was able to obtain the oil at cost last year. This year, because of the many obvious advantages, we hoped to secure capsules rather than oil. It was found, upon computing dosage cost, that this would be considerably more expensive. This is mentioned in order that Mr. Elmer Roentsch of Medical Hall receive credit for offering to take a personal loss of several dollars, rather than disappoint us.

The Welfare Fund of the Association was active several times in supplying small needs of individuals, and financed the cost of simple refreshments served to the Fluorine group who treated the teeth of elementary students last May and June.

As usual, Kiwanis contributed heavily to the welfare work. One boy was given good warm pants and mackinaw; hot lunches were provided for three children aside from their regular contribution to Mrs. Coffin; and at Christmas six children received hi-cuts, shoes and boots; four others had mittens and hose. From their Christmas party, food, candy and toys were given to about 70 more.

Others aiding the Christmas program were: Mr. Clarence Walker, who gave most generously of his stuffed animals; Rebeccas and Grange, who gave toys; Salvation Army provided shoes and boots for one child, hi-cuts for another, and a woolen sweater and hosiery for an adult in need. The Legion Auxiliary as usual gave a dinner to a family with many children, and a smaller basket to an elderly couple who have very few luxuries of life. Mr. and Mrs. Kenneth Monro gave all the proceeds from their Doll Naming Contest to the nurse to be used for needy children. Other individuals gave clothing and children's furniture.

Triple Immunization Clinics were held at the Community Center in April, May, and June. These were directed as usual by Miss Elizabeth Carriel of Claremont. Dr. James Walsh was in charge of the first one; Dr. John Betlejeski the last two. Other assistance was given by Mrs. Alfred Detour, records; Mrs. James Walsh, Mrs. Edith Atkins, and Mr. Charles Juniper, transportation; and Mrs. Ruth Butler, R.N., and Miss Bertha Currier, R.N., Hinsdale District Nurse. Sixty-five children received treatment. This was a smaller number than usual, but more than expected, due to the whooping cough epidemic last year.

SCHOOL NOTES

School visits have been recorded this year on a classroom basis, rather than as per school. This was done upon recommendation of the State Association and after conference with Mr. Leeds. This accounts for what appears to be a big increase in number of calls.

We have continued to use the new powder for pediculi, unless we received parental objection. This has decreased greatly the number of children excluded from school for this reason.

By arrangement with Mr. Lees and Dr. Shirley Dwyer, the students in the first six grades were given the opportunity to receive free dental cleanings, and fluorine treatment, last spring, from May 16 through the close of school.

For the first time in several years, at least, there were no hearing defects; but vision defects in Thayer High showed a tremendous increase and warrants further investigation.

Patch Testing was completed in the lower grades last spring under the direction of Mrs. Mildred Aiken, County T. B. Nurse. Miss Edgett, Walpole School Nurse, also assisted the first day. Nearly all of the teachers and cafeteria help took advantage of this also.

Perhaps a word should be included here in an effort to clear up confusion concerning why we insist upon excluding a child when he has poison ivy. This happened mostly in Ashuelot before closing of school last June. When a difference of opinion arises, we always feel that it is up to the school physician to outline a policy. And his advice was, that while we do not consider it contagious, the child is in no condition to study, and furthermore is a disrupting influence in the classroom.

A check was made at the end of school, by conference with parents, teachers, and weight charts, on the children who had received cod liver oil. It was found that 80% had gained weight, the others had all held their own, even with much lighter clothing; absenteeism had been greatly reduced from lack of colds, etc., plus other more intangible evidence of benefit. Parents who are in a position to see this for themselves would do well to pass their appreciation along to the American Legion and Auxiliary. The expense is so great that I doubt if any other organization would be willing to accept it.

A Dental Clinic is still our most urgent and challenging problem in school work. Efforts are still being made, and several times we have had our enthusiasm raised, only to be further discouraged. It is hard to relinquish what has been a main objective.

MEETINGS ATTENDED

February 2—Mr. Langdon of Maico Audiometer Co. visited here and discussed local hearing problems. He suggested "screening" 10 points lower, to detect borderline cases.

March 8—State Nurses' Association meeting, Concord. Miss Florence Clark showed color films and talked in the International Nurses' Congress in Sweden last year.

April 28—State School Nurses' Workshop, Concord. Panel discussions were led by Miss Josephine McFarland, Albany, N. Y., on parent-teacher-nurse relationship and individual problems.

October 20—Visited with Dr. Morse and the U. S. Public Health Unit at Brattleboro for up-to-date information and material to use in a series of school talks on nutrition. As part of the project, each student was asked to keep his menus for one week. These were discussed and emphasis put upon deficiencies. Incidentally, the hot lunches served at school appeared to be contributing the best meal of the day in most instances. While the interest and enthusiasm of the children was at a high point, Mr. McNamara had his manual training boys construct a partitioned cage for use when we could obtain two newly-weaned rats for observation and experimentation with correct and incorrect diet. It was planned to do this directly after the

Christmas recess, and it is one of my deep regrets not to have been able to watch the progress of, and conclude personally, an interesting project.

October 20—School Nurses' Conference, Concord. Dr. Frederick Meyes, Health Officer of Brookline, Mass., spoke on the relationship of the nurse to the school and community. He emphasized that while we must always try to cooperate with other individuals, the child of necessity remains our chief objective.

November 15—Attended an evening meeting at Nashua, preceded by a committee meeting on which the nurse had been asked to serve. Dr. Daniel Sullivan, and Miss Sabena Gossi, Red Cross Field Worker, spoke on the imminent danger of atomic warfare, and roles that would be expected of all nurses in case of attack in this area. It was the most interesting meeting of the year, and while we couldn't help feeling alarm, we were impressed by the realization of the benefits of education and preparedness for any such crisis.

December 13—State Association meeting, Concord. Discussion at this meeting was still on atomic dangers, and was supplemented by a fine movie, "Pattern for Survival". This emphasized personal and home preparedness, and what to do in case of attack.

An evening course was taken on "Contemporary Social Problems" in Greenfield, from February until June. This was taken as before, at the nurse's own expense, except for transportation. Upon request of the President, the nurse prepared at some effort a resume of this course, and presented it to the Council at the June meeting. Because of the enthusiasm with which this was received, and at the suggestion of the President, it was planned to further use this material generally for any others who might be interested. This is mentioned because any review of the year would be incomplete that did not consider the expense and effort involved, and the encouragement the nurse received, in her attempt to improve by education, the quality of her counselling. This objective has been abandoned, but not without a measure of frustration and regret.

In conclusion, it seems as impossible a task as ever to express adequate appreciation for all the individuals and organizations who have contributed so generously of their time, efforts, and finance, time and time again. Imagination to conceive and develop objectives for school or community welfare would be futile without their backing. And while acknowledging this to be self-evident, I feel even more obligated to pay tribute this year, if I may, to other more intangible support which has filled me with an increasing sense of humility. It has long been my belief that, in a crisis, if at no other time, one can depend upon the courage and nobility of mankind in general to respond to a challenge. You have renewed and justified this faith by your many acts and words of kindness, appreciation, and loyalty. You have made me feel honored to have been allowed to serve you.

Respectfully submitted,

VERA MARTIN, R.N.

The Council shall employ a District Nurse, stipulate the salary, and formulate the Working Standards of the Nurse.

Section 2 APPLICANTS:

All persons seeking the position of District Nurse shall apply in writing to the Association before November 30 annually. All such applications shall be considered and voted upon by written ballot with necessary quorum at the December meeting, and said applicants be notified by mail of the outcome of the election. The District Nurse shall be given a copy of the Constitution and the By-Laws and personally informed of this law when hired.

ARTICLE III

Section 1 NOMINATING COMMITTEE:

It shall be the duty of the Nominating Committee to present at the Annual Meeting a list of officers and other members of the Executive Council for the ensuing year. No name shall be presented for office unless that person has consented to accept election.

ARTICLE IV

Section 1 QUORUM:

Five members of the Council shall constitute a quorum for regular or special Council meetings. Seven members shall constitute a quorum for an Annual or Special Meeting of the Association.

ARTICLE V

Section 1 CONDUCT OF MEETINGS:

All meetings shall be conducted in accordance with *Robert's Rules of Order*.

The following are the working standards adopted by the Winchester Nursing Associating Council on February 2, 1948 and supersede all previous regulations:

1. Calls may be accepted from any source in the township.
2. In case of illness or injury, the nurse gives care only under directions of the attending physician, and is not to be regarded as a substitute. Medication and treatment must be those prescribed by the attending physician.
3. If called to see a sick or injured person, not under a physician's care, the nurse may do what she can to make the patient comfortable, but will not continue with the care unless a physician is called.
4. The nurse shall be on call from Monday morning to Saturday noon of every week.
5. The nurse may call in a doctor, where no doctor has been called, in the name of the District Nursing Association.
6. Except in an emergency or confinement case, the nurse is not expected to make calls before 8:30 A. M., after 5 P. M., or Sunday.
7. Calls after 5 P. M. are accepted only on physician's orders.
8. If wanted at a distance or during the night or on Sunday, the person in need or physician is expected to furnish the transportation.
9. The nurse is not to enter a house which contains scarlet fever, measles, smallpox, diphtheria, cerebro spinal meningitis, or infantile paralysis. (Except on orders of a physician).
10. As far as possible calls for the nurse should be given between 7:30-8:30 A. M., 12:30-1:30 P. M., and 6:00-7:00 P. M.
11. The nurse shall attend all cases no matter how late the matter is reported to the doctor. (maternity cases)
12. Care shall be given whether there is remuneration or not.
13. The nurse shall keep a file of all cases and classifications.
14. The nurse is authorized to make such emergency purchases as necessary, and the association shall be responsible and solicit the money from other organizations if possible.
15. The nurse's report shall be read at the monthly council meetings prior to publication.
16. The nurse shall send a brief report of her monthly work and special clinics and conferences to the local paper.

17. Effective as of February 1, 1947 fees:
From 8:30 A. M. to 6 P. M. \$1.00 for the 1st hour — 35 cents
for the second hour.
After 5 P. M. (on doctor's orders) \$2.00.
For assisting at delivery — \$5.00.
Transportation — 5 cents per mile and \$1.00 for attending the
patient.
18. The nurse shall be allowed the following Saturday morning off on
such occasions as she goes to a conference on Friday, and when
that week-end is her week-end off.
19. Any agreement about vacations or time off shall be given the
nurse in writing by the secretary.
20. The nurse shall be given one month's vacation.
21. The nurse may have every Sunday off and every other Saturday
off after twelve noon.
22. The nurse shall leave word where she may be found when on call
(at place of residence or with telephone operator).
23. The monthly mileage of the association car should be kept and
reported.
24. The association car is to be used only professionally.
25. All fees collected by the nurse are to be turned over to the Treas-
urer the first of each month.
26. All bills of the association are to be presented at the monthly meet-
ings and receive the approval of the council before being paid. (Ex-
ceptions: nurse's salary, office rent, garage, telephone).
27. The monthly meeting of the W. D. N. Association Council shall
be held the second Monday of each month at 7:30 P. M.
28. The Treasurer of the council draws all money from the selectmen.
29. The fiscal year of the Association shall end on December 31.

REPORT of PLAYGROUND DIRECTOR

I hereby submit my report of the summer playground project for the year 1950.

The program was again held at the Community House for a period of eight weeks beginning June 26th and ending August 18th.

This year 195 children were registered, 114 in the 4 to 9 age group, and 42 girls and 39 boys in the 10 to 16 age group.

In the morning from 9:30 to 12 o'clock the small boys and girls met with Miss Dorothy Tacy. They enjoyed the playground equipment, group games and story telling. On Friday of each week they hiked to the Musterfield Park on Richmond Street for a picnic. At the end of playground the children were taken to the Mount Grace picnic reservation for their final outing.

The older girls also met with Miss Tacy from 1:30 to 4 o'clock. They participated in track and field events, horseshoes, badminton, softball, bowling, archery, and volleyball. Each Tuesday and Thursday they went swimming at the Tacy beach on Forest Lake, also, several roller skating parties were enjoyed.

The older boys met in the morning from 9:30 to 12 o'clock. A baseball team was formed and several games were played with outside teams. The boys also had the opportunity to play tennis, baseball, softball, volleyball, horseshoes, archery, badminton, bowling and swimming. In the afternoon a group usually helped keep the ball diamond, tennis court and equipment in shape.

Outings during the summer were made to Laurel Lake by the older girls and Boston by the mixed older group. At the close of playground the older girls and boys enjoyed an all day picnic at Mount Grace.

I wish to express my appreciation to Miss Tacy for her excellent leadership and cooperation. Also, to the townspeople, we express our appreciation for their interest and cooperation.

The playground project has again proved a worthwhile enterprise. Good sportsmanship and fair play were stressed throughout the program, two items necessary in keeping our democratic ideals which are of greater importance today than ever before.

Respectfully submitted,

PHILIP S. HYDE, JR.

REPORT of the WATER COMMISSIONERS

Number of Services	337
Families and Businesses Served	421
Average Daily Consumption.....	173,000 Gallons
Size of Mains	10 inch — 8 inch — 6 inch
Miles of Mains	12.8
Pressure Range	45 to 110 Pounds
Number of Hydrants	92
Source of Supply	58 Foot Gravel Packed Well
Pump Capacity	250 Gallons per Minute
Reservoir Capacity	550,000 Gallons

Comparing the above statistics with those of 1949 it will be noted that with the extensions during the year the number of services have increased from 297 to 337, of this increase 36 services were on the new

extensions and 8 new services were added to existing mains, with 4 old services being discontinued.

The contract for the extensions voted at the Town Meeting in 1950 was awarded to W. C. Ferguson on the negotiated basis, this work being done under the same terms and conditions as the original contract at a total cost of \$37,986.09 which is a saving of \$5,613.91 under the appropriation.

	Appropriation	Actual Cost
Old Ashuelot Road	\$ 12,500.00	\$ 10,245.32
Broad Brook Road	7,700.00	7,322.20
Elm Street	12,500.00	11,378.21
Old Cross Road	10,900.00	9,040.36
	<hr/>	<hr/>
	\$ 43,600.00	\$ 37,986.09

With the increased number of services and the resultant increase in daily consumption, it is apparent that the Board must give serious consideration to increasing our pumping capacity, either by the installation of another or larger pump. Along this line we are awaiting the installation of new controls which will permit the automatic operation of the pump at much less differential in the water level at the reservoir.

We call your attention to the financial report which shows the department to be in good financial condition, however it must be taken into consideration that we have not had any major repairs. In the event that such repairs do become necessary it is desirable to have a reasonable surplus in the department to take care of any emergency.

Periodic analysis by the State Department of Health shows the water to be of excellent quality, and in view of the fact that over 63,000,000 gallons have been taken from our supply during the year it would appear that our supply continues to be adequate.

AUDITORS' REPORT

Board of Selectmen

Winchester, New Hampshire

Gentlemen:

Submitted herewith is the Report of the Audit of the accounts of the Town of Winchester, covering the fiscal year ending December 31, 1950.

The accounts and records of Town officials charged with the custody, receipt, and disbursement of public funds were examined and audited. This included the following departments: Board of Selectmen, Town Treasurer, Tax Collector, Town Clerk, Highway Commissioner, Water Department, Fire Department, Forest Fire Department, Overseer of the Poor, Library Treasurer, Trustees of Trust Funds, Municipal Court, and the Summer Playground.

Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from the depository bank. Verification of uncollected taxes was made by mailing notices to a majority of delinquent taxpayers as indicated by the collector's records.

Our comments and suggestions for the various departments follow:

SELECTMEN'S RECORDS:

We wish to state that the records kept by the Selectmen were found to be in excellent condition. The accounts were closed very shortly after the close of the year, a great improvement over the preceding year.

Two checks were found not signed by the Treasurer.

Regarding overdrafts we find improvement, however, there is room for more. Total overdrafts were \$10,236.85, as compared with \$23,420.28 last year. However, this is offset by additional revenue and unexpended balances, which resulted in a \$2,977.96 increase of income over expenditures for 1950.

TOWN TREASURER:

The records of the treasurer were found to be in very good order, with his accounts being closed as of January 8th, a decided improvement over the preceding year. Only one variation of classification of receipts as compared with the Selectmen's records was found.

We would recommend that all income from Timber Taxes be received through the Tax Collector's accounts, and not direct as was evident this year.

TAX COLLECTOR:

The examination of tax accounts shows improvement on uncollected accounts, with all back years, 1941 through 1947, being cleaned up either by collection or abatement.

The situation on previous years as of December 31, 1950, is as follows:

	Uncollected		
	Property	Polls	Unredeemed
Levy of 1949	\$ 88.59	\$ 278.00	\$ 1,049.53
Levy of 1948		112.00	676.42
Levy of 1947			96.31
Levy of 1946			70.72
Levy of 1945			74.78
Levy of 1941			41.14

We again state that a complete tax sale should be made each year. This is evidently not done as there are uncollected property taxes for 1949.

The unredeemed taxes for the years 1941 through 1947 should be cleaned up by a collector's deed to the Town.

The collector's remittances for the levy of 1950 show \$6.00 over-paid on property taxes and the same amount under-paid on Poll taxes, also his total remittances show an excess of \$2.49.

We also find that the cash on hand balance for the levy of 1949 was not taken care of and this year the total cash on hand amounts to \$10.68. This amount should be remitted to the Treasurer.

TOWN CLERK:

The examination of the records pertaining to motor vehicle permits, dog licenses, vital statistics, and filing fees disclosed a small net excess remittance, plus one incorrect amount on a vehicle permit, both items, however, were corrected prior to closing of the clerk's records for 1950.

HIGHWAY COMMISSIONER:

All payrolls were audited and compared with the checks issued in payment for same, with one overpayment during the first part of the year. This was corrected later.

WATER DEPARTMENT:

All accounts of this department were found to be in excellent order. Examination of the Water construction account shows a balance of \$981.69 to pay last accounts still outstanding on the installation of the system.

FIRE DEPARTMENT:

The payrolls and invoices for supplies were examined and all records were found to be in proper order.

The auditors again recommend that either the Selectmen or the clerk of the department pay all invoices, except payrolls, instead of this being divided as is the present custom.

FOREST FIRE DEPARTMENT:

All payrolls were compared with money received from the Town and with the checks issued to individuals. One payment of \$1.00 to a fire fighter was not made and should be paid to the individual concerned.

OVERSEER OF THE POOR:

During the first three months of 1950 we found payments totaling \$133.00 for which neither the order blank nor the supporting invoices were available.

Throughout the balance of the year there were no supporting invoices available, however, the orders with a few exceptions were signed by the individual recipients.

Otherwise the records of this department were found in very good order.

LIBRARY TREASURER:

All accounts and records were found to be in proper order.

TRUSTEES OF TRUST FUNDS:

The auditors examined all Savings Bank books, securities, receipts and disbursements of Trust fund income, and the reports of the separate funds. All accounts were found correct and in proper order.

We again strongly recommend that the Cemetery committee present their bills to the Trustees not later than October 31 of each year, in order that they may complete their records by the end of the year.

All new trust funds should be turned over to the Trustees immediately after receipt in order that the account may earn interest from the date of its creation.

MUNICIPAL COURT:

The audit of this department included all receipts as charged to individual cases on the court records and the payment of this money to the respective departments and individuals. We wish to state that these records were in much better order than previously and that all receipts were accounted for

SUMMER PLAYGROUND:

All records and accounts were found to be in proper order.

We extend our thanks to the officials of the Town of Winchester for their assistance and cooperation during the course of the Audit.

Very truly yours,

ARNOLD B. CONWAY,
DONALD C. MANNING,
HERBERT A. TAYLOR,

REPORT OF WINCHESTER SCHOOL

LUNCH PROJECTS

The Winchester school children were able to secure at school the approved Type A balanced hot lunch each school day from September, 1949, to June, 1950. This is the first school year that we rendered this service for the whole year. The benefits are marked and we plan to continue this policy instead of serving meals only in cold weather as at first.

We have added mixmasters, pressure cookers and other small equipment to aid our cooks in feeding about 275 children daily.

Again we wish to thank the Kiwanis Club of Winchester, the District Nursing Association and all others who have aided us in providing free lunches for needy children.

The price of school meals to children has not been raised in spite of increased cost of foods.

The enthusiasm and efficiency of Mrs. Ruth Coffin and her staff and the cooperation of the Superintendent of Schools, all teachers and many parents has continued to make this important part of each school day very happy and beneficial for our children.

We are concerned that not all children or their parents avail themselves of this service. Our aim is to have none bringing cold packed lunches but "a complete balanced hot lunch for every school child every day."

Parents and citizens are cordially invited to visit the lunch room at any of our three schools any noon hour.

HEADMASTER'S REPORT

I hereby submit the annual Headmaster's report to the Superintendent of Schools.

Enrollment for the school year 1950-51:

Seniors	20
Juniors	19
Sophomores	30
Freshmen	30
Senior High	99
Grade 8	48
Grade 7	39
Junior High	87
	<hr/>
Total	186

There were two changes in the teaching staff at the high school with the opening of school in September. Miss Shirley Adams, a graduate of the University of Mass., replaced Miss Marie McDonnell in the Home Economics department. Mr. William Heck of the Department of Music, Ithaca College, replaced Miss Elizabeth Townley, resigned, in charge of music.

The school band has made numerous appearances during the year at various town and school functions and they have received high praise in every case. This past fall the seats in room #9 have been placed on runners so that the room can be partially cleared for band rehearsals. This is far from ideal but it does eliminate the time consuming trips to the town hall

for rehearsals. From the earnings of the musical organizations this past year the department has purchased uniforms, a clarinet, and a trombone with carrying case.

Last spring the school was represented at the Girl's State by Nadine Coombs and Margaret Kiley; at the Boy's State by Walter Schultz.

Members of the class of 1950 are attending the University of New Hampshire, Michigan State College, Colby Junior College and Becker Junior College.

As a matter of record a condensed report of the 1950 commencement program follows. The essays covered the lives of seven of America's outstanding composers and the musical organizations gave selections from each.

ANNUAL REPORT of the SUPERINTENDENT of SCHOOLS

To the School Board and Citizens of Winchester:

I have the honor to submit my fourth annual report.

Teachers: The opening of schools in September saw three new teachers on our staff, two at Thayer High School and one at the Center School. Miss Shirley M. Adams was elected to the Home Economics position in the High school vacated by Miss Marie McDonnell. Miss Adams is a graduate of the University of Massachusetts. Mr. William C. Heck, a graduate of Ithaca College, was elected to the position of Music Supervisor of the Winchester schools taking the place of Miss Elizabeth Townley who resigned to be married. Due to the increasing enrollment at the Center School, it was necessary to engage the services of an additional teacher. Mrs. Anne V. Luoma, a graduate of Keene Teachers College, was elected to teach a third grade class which meets in the Community Center.

Buildings and Grounds: Center School. Mr. Hyde completely painted the sixth grade room during the past summer. Contrasting greens were used the same as last year when he did the fifth grade room. Mr. Hyde and Mr. Monroe have completed the insulation of the boiler room. This is a fire protective measure advocated by the companies which insure our buildings.

Thayer High School. Mr. Monroe sanded and refinished the floors and painted the walls of the downstairs hall, the bookkeeping room and both entrance stairs and hallways. He also painted the walls in Room 4 and the main room. In his last year's report, Mr. Grupe noted the lack of a practice room for the band. To overcome that hardship, Mr. Monroe placed the desks and chairs in Room 9 on skids so that they can be moved aside thus providing ample space for band rehearsals. It is now no longer necessary for band members to go to either the Community Center or Town Hall to practice. A great saving in time and increased efficiency has been the result. The chimneys at the high school which were in a dangerous condition have been completely repaired.

Ashuelot School. Mr. Monroe has insulated the boiler room for fire protection. He also painted both halls, installed a light over the sink in the lunchroom and shortly will install lights in the book closets.

Community Center. Last summer the play room was separated into two classrooms. One of the rooms houses a first grade class and the other

a third grade class. The rooms were attractively painted and adequate lighting was provided by the installation of fluorescent lights.

It is to be hoped that the exterior of the Center School can be painted during the coming summer. A special article in the school warrant will provide the voters the opportunity to express their approval or disapproval of this project.

Miscellaneous: The school lunch program continues to be a valuable part of our educational system. Your attention is respectfully called to the excellent report of Mrs. S. Guy Johnson. A Mitchell cafeteria table has been delivered to the Ashuelot School and we are now awaiting the delivery of ten folding steel chairs for the same school.

Thayer High School now has a film strip projector. This machine can be used by all the teachers in all subjects to show still pictures pertinent to the subject matter of the courses. The elementary school could use such a machine to advantage. Audio-visual aids have proven to be powerful instruments of instruction.

A Monadnock Regional School Lunch meeting was held in the Hinsdale Elementary School last spring. School lunch workers, teachers and school board members were present from the towns in the Monadnock region. Mrs. Ruth Coffin and her staff were prominent in the program. A similar meeting was held in the fall in the new high school building in Walpole. Mrs. Coffin, who is president of the Association, had charge of the program there.

An Art Workshop for the elementary teachers in Union No. 25 will be held in the elementary school in Hinsdale on January 29, 30 and 31. It is expected that teachers from Marlboro and Troy will also attend the Workshop. It will be conducted by Miss Wilma Geer, Art Consultant for Binney and Smith Company. Miss Alice D. Baumgarner, State Director of Art Education, will be present from the State Department of Education.

A number of our teachers are to be commended for taking courses both during the school year and during the summer vacation. Taking such courses is one of the means of a teacher keeping abreast of modern developments in the field of education.

One of the most worthwhile projects ever undertaken in Supervisory Union No. 25 comprising the towns of Hinsdale, Richmond, Swanzey and Winchester, was completed this past spring. I refer to the topical fluoride treatment of the teeth of pupils in grades one through six. This treatment was given to 203 pupils in Hinsdale, 20 in Richmond, 232 in Swanzey and 255 in Winchester, a total of 710 pupils.

The treatments were all given at the Community Center Building in Winchester. When it is recalled that each child had four separate sittings

on different days, the magnitude of the task became apparent. Transportation alone was a considerable problem.

The cost of the project was borne by the federal government. If \$12 is considered a normal fee for the topical fluoride treatment, the total value of 710 treatments is \$8,520.

State Aid: It is to be hoped that the present session of the legislature will see fit to increase the amount of state aid to education. The legislature at its last meeting asked the State Board of Education to develop a formula derived only on the basis of need to the end that needy districts shall be aided so that educational facilities for all children of New Hampshire shall be on a more equitable basis. Such a formula has been worked out by the State Board of Education. Under this proposal, Winchester would receive \$11,826.91. This state aid would tend to shift the tax burden from real estate to other forms of revenue.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, to the School Board and to the patrons of our schools for their cooperation.

Respectfully submitted,

CHESTER C. LEES,

Superintendent of Schools.
